

Research Funding is Declining Safeguard Your Career

You CAN make a difference!!

SOME FACTS AND FIGURES...

- The Federal Government allocates funding to the NHMRC
- NHMRC Success Rates are dropping

- No applicants ranked as 'excellent' by their peers received funding in the 2010 NHMRC senior fellowship scheme
- The Australian HMR workforce is the foundation for prevention and cures now and into the future
- Australian researchers punch above their weight – despite only 0.38% of GDP being invested in HMR

Bad health also affects Researchers!
